## Industry Trade Associations

Holloway Houston supports lifting and material-handling industry trade associations. These associations promote the common interests, principles, goals, and distribution of technical information vital to developing and maintaining the standards of the lifting and material-handling industry.

### Associated Wire Rope Fabricators (AWRF)

AWRF promotes interests common among companies manufacturing, fabricating, or distributing lifting, rigging, and load-securement devices made of chain, rope, and synthetic products.

### American Petroleum Institute (API)

API is the only national trade association that represents all aspects of America's oil and natural gas industry. Their 400 corporate members, from the largest major oil company to the smallest of independents, come from all segments of the industry.

### Det Norske Veritas (DNV)

DNV provides world-class expertise in technology, operations, management, and risk. But even more importantly, DNV applies its know-how to a professional service concept designed to safeguard and improve the performance of businesses.

### Specialized Carriers and Rigging Association (SC&RA)

Since 1959 the SC&RA has helped 1100 members in 43 countries attain the highest standards of quality and safety through meetings, publications, services, and staff.

### Web Sling and Tie Down Association (WSTDA)

is a tax-exempt, nonprofit technical association dedicated to the development and promotion of voluntary recommended standards and associated reference materials. The association was originally established in 1973 as the Web Sling Association (WSA), servicing the synthetic web sling industry.

### Association of Energy Services Companies (AESC)

Since its beginning in 1956 the AESC has grown to become an international organization representing hundreds of energy service providers and associate members throughout the U.S. and the world. For over four decades, the AESC has provided leadership and guidance in setting standards to the make energy servicing industry both safer and more efficient.

### International Association of Drilling Contractors (IADC)

IADC's mission is to improve industry health, safety, and environmental practices; advance drilling and completion technology; and champion responsible standards, practices, legislation, and regulations that provide for safe, efficient, and environmentally sound drilling operations worldwide.

### Cordage Institute

The Cordage Institute is an international association of rope, twine, and related manufacturers, their suppliers, and affiliated industries. Its mission is to create value for its members by educating product users, the standards writing community, government agencies, and other entities on the proper use of industry products through the dissemination of standards.
